

CONFER DEGREES ON LARGE CLASS

Thirty-five Candidates Complete the Course of Study This Year at Augustana College.

DR. HENRY JACOBS IS HEARD

"The Christian Faith and the American Life" Is Theme—His Ominous Is Valued.

"The Christian Faith and the American Life" was the theme of the commencement address by Dr. Henry E. Jacobs of Philadelphia at Augustana college yesterday forenoon, when the A. B. degree was conferred on 35 candidates, the A. M. degree on two and the L.L. D. degree on one. The address was a scholarly one, which was well received by the audience, showing not only deep learning but also a broad vision. This was a most fitting subject for an address at the commencement exercises of a class at the college whose very name is, in the words of the speaker, a confession of faith.

Higher education and American life have always gone hand in hand, he said, and higher education and Christian faith, as evidenced by the fact that all the large eastern universities during from the colonial days were founded for the express purpose of training men for the ministry. All reforms of note start from the professor's chair, and a college that is not in sympathy with its surroundings, so that its influence radiates beyond the walls of the building, is not fulfilling its mission. A college is more than equipment, more than buildings, more than a legal corporation. It is mainly the "big" men connected with such an institution that give it the prestige it enjoys.

"Religion had a great deal to do with the shaping of the destinies of this nation," continued the speaker. "The cross Columbus planted on the soil of San Salvador was not the emblem of a domination but of the Christian faith. This faith and the political life of the colonies were very much interwoven. Religious tests were necessary in some states for suffrage. There has always been a deep undercurrent of religious nature at the foundation of the American nation."

The graduates, after the address the diplomas were presented by the president, Dr. Gustav Anderson. Those who received the de-

gree of A. B. were 35 in number, as follows: Amy J. Anderson, Evan E. Anderson, Conrad Bergendoff, A. E. Berggren, C. O. Carlson, Esther Carlson, Edith A. Cline, Emil Dalberg, Leo DeLong, Esther M. Eckstrom, C. E. Gundersen, F. W. Hanson, Paul Holmström, Paul O. Hult, Neuben Hultgren, Brever R. Johnson, C. O. Johnson, J. R. Johnson, M. A. Johnson, Lawrence E. Jones, Karl G. Larson, Signe Larson, Eleanor Magnusson, Emma C. Nelson, J. F. Nelson, O. R. Norven, B. G. Ohman, Margaret Olmsted, Martin O. Olson, Adina Olson, Ernest A. Palm, Victor R. Pearson, Thorsten Rellin, G. M. Thimmo, Esther Youngberg.

The two who received the degree of M. A. were William Hobb and David A. Leonard, while the L.L. D. degree was conferred honoris causa on the Right Reverend K. H. Gaselius von Scheele of Visby, Sweden.

Margaret Olmsted of Rock Island, delivered the valedictory address, choosing as a subject, "A Liberal Education." This she handled very ably in a manner that reflected credit on herself and the class she represented.

NOT LAST YEAR OF G. A. R. CONTROL

Grand Army Will Conduct Memorial Day While Any Members Are Left. It Is Stated.

MRS. WYNNE DENIES A REPORT

Declares W. R. C. and Sons and Daughters of Veterans Will Take Up Work Then.

Rock Island, May 28.—Editor The Argus: I, as president of the Daughters of Veterans of Rock Island have been requested to correct an impression that in some way has been circulated, that this is the last year that the Grand Army of the Republic, our old soldiers, are to have charge of Memorial day arrangements. It is a mistake. As long as there are any of the grand old army veterans left they will have charge of that day.

After they shall have answered the last call they still have their auxiliary, the Women's Relief Corps, which is organized to perpetuate the memory of the heroic dead, and to inculcate lessons of patriotism and love of country among our children.

After them we have the sons and the daughters who are organized to assist the Grand Army of the Republic to commemorate the deeds of their fallen comrades on the 30th of May, until such time when this duty shall devolve upon their descendants.

It is 47 years since Memorial day was established by Commander-in-Chief John A. Logan and with each passing year it has a deeper significance, to be observed as sacred to the memory of the men who fought the battles and won the victories of the nation "with the hope that it would be kept from year to year while a survivor of the war remains."

Fought for Union.

And this army was grand in its purpose in what it fought for. It fought not for territory, or for blood, or for despotism, but to keep this flag flying over the ship of state. Would you see the results? Then rise to the loftiest eminence you can find and look around you, from ocean to ocean. It saved the union, freed the slave, made our people the freest people on earth.

Mighty Columbia ransomed with blood.

Bless thou the men who so valiantly stood.

Face to the foe, in that dark hour of strife.

When infamous treason imperiled thy life.

Bless thou the heroes who heeding thy call.

Left their homes and firesides, their kindred and all.

Left the plow in the furrow, the axe in the tree.

To march "neath thy banner, and battle for thee.

Honor their courage, their deeds, and their fame.

On history's bright pages emblazon their name.

They fought for thy honor, for freedom, and God.

Then meekly and humbly "passed under the rod."

Cherish their memory, these unsullied heroes.

Bring choicest flowers to strew o'er their graves.

Of thy tears and thy prayers unsparingly give.

To the heroes who died that a nation might live.

How Long Your Nails Grow.

The growth of an average finger nail is about one thirty-second of an inch a week, or nearly one and one-half inches a year, so those aristocratic Chinese who proudly exhibit nails six to eight inches in length must have refrained from cutting them at least four to six years. Finger nails grow faster in the summer than in winter. The nail on the middle finger grows faster than any of the others, and that of the thumb is slowest in growth. The nails of the right hand grow faster than those of the left. A nail is supposed to reach its full growth in about four and a half months, and at this rate a man of 70 years old would have renewed his nails 342 times. On each finger he would have grown nine feet of nail, or on all his fingers and thumbs no less than 90 feet of nail.—St. Louis Republic.
